

Samaritan Ministries

Health Care for people of biblical faith

Would you like to have the assurance that your health care dollars will never pay for things that violate your Biblical faith?

Would you like to have the freedom to choose which doctor you use, rather than leaving that up to a health insurance company?

Would you like to have the choice of a more affordable option for health care?

Would you like to know that your health care dollars are helping other Christians families directly in the midst of their medical need?

If you answered YES to any of these questions we would like to invite you to join us for this free seminar where you can learn all about an exciting Christian alternative to health insurance; one that allows you to live out your Christian faith while still avoiding the penalty associated with the Affordable Care Act.

Come learn how over 186,000 members, in more than 56,000 households, are sharing more than \$15 million in medical needs each month.

John Weber invites you to an exclusive informational presentation about Samaritan Ministries

Meeting Information

“CMI very rarely promotes other organizations due to our strong stance on serving the church across denominational lines, but we believe firmly in what Samaritan Ministries is doing for Christians. They helped us and I believe they can help you too.”

Gary Bates, CEO – Creation Ministries International
