**Prayer for VBS.....5:45 pm**

**Evening Service..... 6:00 pm**

*Bios* means "life." Biology is the study of life, of thinking about the world, including what is real and how we know it. Many students are fascinated by dissecting animals and learning about the complexity of life, but the central question of biology is "What is life?" Tonight we will begin dissecting Scripture to understand what God has to say about life as we Understand the Times in Light of Scripture.

**Quotable:** *That which is painful to the body may be profitable to the soul.*

**Bible Memory -**

This week's passage: Numbers 21:8 - And the LORD said unto Moses, Make thee a fiery serpent, and set it upon a pole: and it shall come to pass, that every one that is bitten, when he looketh upon it, shall live.

**Thank You -**

THANKS, to our dear Bethel family. Becky and I can not send enough thanks for all the prayers, visits, clever cards; scrumptious meals; delightful cookies; and donuts; burger's with fries and chocolate frosty's, Your phone calls were a true sign of Christian love. Your voices, always a welcomed delight, brought joy with each and every call. Until someone is ill they don't understand the treasure this show of love brings.

Don & Becky Savelle

*"Herein is love, not that we loved God, but that he loved us, and sent his Son to be the propitiation for our sins" (1 Jn 4:10). It is clear from those words that God loved His people while they were in a state of nature, destitute of all grace, without a particle of love towards Him or faith in Him, while they were His enemies (Ro 5:8,10).
