Bios means "life." Biology is the study of life, of thinking about the world, including what is real and how we know it. Many students are fascinated by dissecting animals and learning about the complexity of life, but the central question of biology is "What is life?" Tonight we will continue dissecting Scripture to understand what God has to say about life as we Understand the Times in Light of Scripture.

Quotable: *A lot of kneeling will keep you in good standing with God and man.*

Fri., Apr. 27: Game Night, 6:30 pm

Bible Memory -

This week's passage is: Luke 6:38 - Give, and it shall be given unto you; good measure, pressed down, and shaken together, and running over, shall men give into your bosom. For with the same measure that ye mete withal it shall be measured to you again.

Reminder -

Don't forget to sign the birthday & anniversary cards for our missionary staff. They really enjoy receiving this greeting from us! Thank you!

Thank You -

Charlotte and I have just returned from a lovely trip to Hawaii that you folks have made possible. We thank you so much and we had a wonderful time.

Pastor Dave and Charlotte

*The love of God indeed makes a change in us when it is
"shed abroad in our hearts," but it makes none in Him.
He sometimes varies the dispensations of His providence toward us,
but that is not because His affection has altered.
Even when He chastens us, it is in love (Heb 12:6),
since He has our good in view.*

From "Gleanings in the Godhead", by A.W. Pink
