## Evening Service ......6:00 pm

Tonight we will look at the work of God in us. What do you understand of the work of the Holy Spirit? Do you think of Him as the useful Person of the holy Trinity whose job is relegated to special events like revival or evangelistic meetings? Do you think of Him as a servant, like the Energizer Bunny, who comes to make our church meetings and lives emotionally satisfying? When our views of God are small and our views of ourselves are large, we think there is little need for the work of the Spirit in the salvation of a soul. May we see-and understand-God with 2020 vision.

Quotable: You can ask the Lord for humility, but you can't thank him for it..

An increasing apprehension of the Truth concerning the person of Christ should be our constant aim. "Without controversy great is the mystery of godliness: God was manifest in the flesh" (1 Ti 3:16). In view of such a divine declaration as this, it is both useless and impious for any man to attempt an explanation of the wondrous and unique person of the Lord Jesus. He cannot be fully comprehended by any finite intelligence.
