Inquire at the Bulletin Table or ask an Usher.

**Evening Service ..... 6:00 pm**

Have you ever heard someone use the phrase, "What would Jesus do"? This phrase has been abbreviated to WWJD and can be found on any number of items to be worn or displayed. This evening we will look more closely at Jesus being our model for service. We will examine what He did. But even more important than what He did is the reason why He did what He did. We need to understand His thinking, the heart of a true servant.

**Quotable:** What a man stands for isn't everything. What he "falls for" counts too!

**ANNOUNCEMENTS**

	TODAY	NEXT SUNDAY

- Wed, Oct. 21:** Quarterly Business Meeting, 6:00 pm
- Sat., Oct 31:** Family Fall Festival

**Bible Memory -**

This week's passage: Romans 15:1-3 - We then that are strong ought to bear the infirmities of the weak, and not to please ourselves. Let every one of us please his neighbour for his good to edification. For even Christ pleased not himself; but, as it is written, The reproaches of them that reproached thee fell on me.

**Can You Help?**

Snacks, preferably wrapped individually, are needed for Children's church and Wednesday night Kids Club. For questions, please see Hope. Thanks for your help.

**To ponder -**

A man was driving down the street in a bother because he had an important meeting and couldn't find a parking place. Looking up to heaven, he said, "Lord, take pity on me. If you find me a parking place, I promise to go to church every week and give up swearing." Miraculously, a spot opened up right in front of the building where his meeting was to take place. The man looked up to the sky and said, "Never mind, I found one."

*The necessity for the two natures  
in the one person of our Saviour is self-evident.  
It was fitting that the Mediator should be both God and man,  
that He might partake of the nature of both parties  
and be a middle person between them,  
filling up the distance and bringing them  
near to each other.  
From "Gleanings in the Godhead", by A.W. Pink*
