The Reformers never used their literal method of interpretation to correct the "church" in the area of replacement theology. Replacement theology teaches that all of Israel's promises and blessings have been transferred to the church, which they call the New Israel. This afternoon we will continue to look at some of the ramifications of teaching that the Church is the Kingdom of God on earth.

Bible Memory this week -
 Hebrews 12:1-2 - Wherefore seeing we also are compassed about with so great a cloud of witnesses, let us lay aside every weight, and the sin which doth so easily beset us, and let us run with patience the race that is set before us, Looking unto Jesus the author and finisher of our faith; who for the joy that was set before him endured the cross, despising the shame, and is set down at the right hand of the throne of God.

*The Redemption of Christ -
 His [Christ's] obedience conferred higher honor upon the Law than it could possibly have received from an uninterrupted compliance by Adam and his posterity. The perfections of God, which were dishonored by our rebellion, are glorified in our redemption. In redemption God appears inflexibly just in exacting vengeance, and inconceivably rich in showing mercy.
