### Apples of Gold -

**(on Peace)** All the sleepless nights, burdened days, joyless, restless, peace-destroying, health-destroying, happiness-destroying, love-destroying hours men and women have ever in all earth's centuries given to Worry never wrought one good thing!

**(on Long suffering)** Why must we have memory enough to recall to the tiniest detail what has happened to us, and not enough to remember how many times we have told it to the same person.

*From the standpoint of the redeemed, the punishment of the wicked is an act of unspeakable mercy. How dreadful would it be if the present order of things should continue forever, when the children of God are obliged to live in the midst of the children of the devil.*  
*From "Gleanings in the Godhead", by A.W. Pink*
